## BETRONICS SPECIALIZE IN INDUSTRIAL INSTRUMENTATIONS AND MEASUREMENT

### Boiler control system and environmental monitoring system

- Supply/Install/test & commission c/w supply of instruments related parts for boiler control system
- Smoke Density Meter System for boiler plants
- Standalone DVR Digital Recording System
- Provide Services & Repair and Calibration for boiler control system
- Continuous Emission Monitoring Systems CEMS Online System
- Boiler Modulating Feed Water System & boiler drum level control system
- Palm oil mill automation project & scada software & hardware (intergration for industrial)
- Water & waste treatment plant control system & environmental instruments monitoring system
- Particular & dust emissions monitor & stack gas analyser
- CEMS upgrades & maintenance and support
- Programming & comissioning at site
